

Watch Part II video: “Positive Impacts Christians Can Make on Their Government”

Talk about the difference between God’s ultimate work of making disciples, and God’s work of preserving the world. When it comes to Christians impacting the governing authorities, how important is it that we maintain that distinction?

Talk about Greg’s quote: “Good government can’t save you, but bad government can destroy you.” How important is it that we understand that “good government can’t save us”?

“Other people” protected us from bad government in the past. Why is it so important that individual Christians and Churches get involved in government today?

Have you ever thought of yourself as a “Caesar” when it comes to government affairs?

Have you ever sent a hand written letter to your senator or congressperson (federal or state)? What might happen if you did?

Why do you think legislatures are stepping over the boundaries and trying to dictate to our churches and schools? Do you think they are conscious of doing that?

In what ways have Christian people “othered” certain people in our culture or government?
